Rev. 2/2017
It’s no secret that healthy employees are more productive employees.

And, it’s no secret that health care costs directly affect your organization’s profitability. Franciscan WorkingWell can help keep your employees happy, healthy and productive and help reduce your organization’s health care costs. Franciscan WorkingWell offers a full range of occupational health and wellness services. Our professionals offer high-quality medical care with a primary goal of optimizing the health and productivity of every employee within your organization. In any type of business or industry, we will work closely with you to ensure your employees are WorkingWell.

For non-emergency after-hours injury care, visit the Franciscan ExpressCare locations (marked on the map in yellow). For emergency after-hours injury care, visit the emergency room (marked on the map in red).

Green: Visit first during open hours for employer services.

Yellow: Visit after Franciscan WorkingWell locations close.

Red: Visit when ExpressCare and WorkingWell locations close.
